The Clerk provided members with an update of discussions with Highways. The Environment Agency have confirmed that ground water flooding is not within their remit and all enquiries should be directed towards the Lead Local Flood Authority, which is Norfolk County Council. The Council's insurers have been placed on notice of a potential claim.

After much discussion it was agreed to :-

- Contact the Highways engineer and ascertain ownership and responsibility of the drains and gullies and when work is likely to be carried out.
- Close the play area temporarily, lock the entrance gates, cordon off the worst effected areas and erect signage
- Update Facebook and the Council's website
- Contact the previous landowners to see if they had any useful information regarding drainage
- Contact neighbouring businesses to update them on the situation.
